

Amadeus Selling Platform Connect is the industry's only fully online booking platform for travel professionals. But what does this mean for you?

## Amadeus Selling Platform Connect

Unleash your business!

### Standardisation across your whole network

Every agent in your organisation always has the same, latest version.

The same desktop across your whole network means everyone accesses the latest releases with new functionality, all at the same time.

Share bespoke packages, new or up-graded scripts, technical evolution - easily and instantly.

Standardised workflows across your whole network mean internal support is more efficient. Scripts for instance don't need to be adapted to different locations – customers can be served in exactly the same way, whatever your agents' locations.

Cross utilisation of agents is easy so anyone can fill in for a colleague's holiday, absence, etc. without having to worry about having to work differently. Training costs are consequently reduced and so are calls to helpdesk.

Regardless of GDS or industry experience, you can hire staff with strong selling skills without the need for format and functionality knowledge.

### Technology freedom

As there is no local installation whatsoever involved, you no longer have any hardware restrictions. As long as your machine is internet enabled, you can connect and book. From the top of the range Mac to the most basic of PCs.

Amadeus Selling Platform Connect is accessible on all main operating systems and is fully certified with all the latest versions of the main internet browsers (Internet Explorer, Firefox, Chrome, Safari).

Hire the staff you need, even niche expertise, and have them productive very quickly, wherever they may be. They can even access on their own hardware!

No local installation not only means total freedom - it also means less cost.

### Access freedom

Always have access to the latest version of Amadeus Selling Platform Connect at any time, wherever you are.

Take your business with you outside office hours - from home, on business

“Ever since we started using Amadeus Selling Platform Connect, we have been very happy with the system and have found it very user friendly. Being a web based application it enables our agents to access information from anywhere and get in touch with our clients any time.”

Usha Lama, Owner  
Third Eye Travel

travel, while hot-desking, during unexpected circumstances - nothing stops you connecting with your customers.

The ability to define customised packages\* for your office really comes into its own when you can instantly give access to these packages to all your agents, regardless of their office location. Make the most of time-saving features like the Multi-Office functionality and share scripts and Productivity Suite options in just a few clicks.

Open up more opportunities which you couldn't consider before - unleash your business!
